

Wednesday September 10, 2008

7:00 - 8:00	Registration and Continental Breakfast				
8:00 - 8:15	Opening Remarks by Conference Chair <i>Dr. Magdy Hanna, International Institute for Software Testing</i>				
8:15 - 9:15	Keynote: Daryl Kulak, Consultant, author and speaker with Perficient, Inc. The Role of the Test Professional in the Agile Lifecycle				
	Test Process	Test Management	Test Management	Quality Management	Test Automation
9:30 - 10:30	FEATURE PRESENTATION System Test Case Development in an Agile Environment Practical Strategies for Testers <i>Dr. Timothy Korson</i> Korson Consulting	FEATURE PRESENTATION Gaining Control of Your Test Process with Measurements <i>AI Sorkowitz</i> Consultant	Test Environment Support – Maintaining a Stable & Available Environment to Reduce Testing Timelines <i>Nate Fagen</i> Wells Fargo & Co.	The Problem With Problems: The Hidden Cost of Application Problem Resolution <i>Doug Laney</i> BMC	Test Automation: Lessons from the Trenches <i>William (Bill) Roske</i> Thomson West
10:45 - 11:45	Case Study: Testing in the Model-Based Development World <i>David Cook & Feng Zhu</i> Boston Scientific Corporation	FEATURE PRESENTATION Testing in an Agile Framework <i>Amber Mikesell</i> Nationwide Insurance	Managing Global Test Teams <i>Ranjini Shridhar</i> SunGard	BlueCross BlueShield of MN Defect Prevention for Dummies - “Secrets to Building High Quality Solutions Proactively <i>Akshima Labroo</i> QA InfoTech	From Manual Testing to an Automated Testing Framework <i>Alvin Sumter</i> Cox Newspapers, Inc.
11:45 - 12:15	Visit Exhibit/Vendor Presentations				
12:15 - 1:15	Lunch/Discussion Groups				
1:15 - 2:15	Practical Challenges for Testing Composable Command & Control (C2) Solutions <i>Dr. Mary Ann Malloy</i> The MITRE Corporation	Key Project Management Skills for IT Build Projects <i>Ronald Look</i> Keane, Inc.	Estimating the Allocation of Test Engineers at Software Development Projects at C.E.S.A.R. <i>Melissa B. Pontes & Mariana P. Xavier</i> C.E.S.A.R.	FEATURE PRESENTATION Unleash the Power of Static Testing <i>Dr. Rebecca Staton-Reinstein</i> Advantage Leadership, Inc.	Business Relevant Testing, The Art of Test Automation <i>Matt Holitza</i> IBM Corporation
2:30 - 3:30	Improving Processes and Test Effectiveness By Using Metrics <i>Rishi Yadav & Mukesh Sharma</i> QA InfoTech	Testing for 508/WCAG Website Accessibility Certifications <i>Glenn A. Smith</i> Voice of Sight and Sound Inc.	FEATURE PRESENTATION System and Application Testing for Security Vulnerabilities <i>Marnie Hutcheson</i> Ideva	Metrics are worth a Million <i>Mike Olson & Curt Highet</i>	Create Test Cases for Automation Using Combination Tools <i>Susan Carlson & Mike Gibson</i> Calabrio Inc. & Compuware Corp.
3:45 - 4:45	Using Practical Methods to Engineer Safe Software <i>Michael A Kuhn</i> Bausch&Lomb	FEATURE PRESENTATION Putting the User Back in User Acceptance Testing <i>Robin Goldsmith</i> GoPro Management	Flawless Delivery to Flawed Requirements is Still Flawed Delivery <i>Robert Mahler</i> TCS North America	Remove Redundancy and Improve the Business Value with Use Case-driven Test Cases <i>Debra Sheldon</i> IBM Corporation	Challenges of Performance Testing of Web Applications Some Useful Tips and Tools <i>Ben Rushlo & Rajeev Kutty</i> Keynote Systems, Inc.
5:00 - 6:00	<i>Dr. Magdy Hanna and Bill Miller</i> for Process-Based		Open Debate Agile Vs. Process-Based Development and Testing: Myths and Facts	<i>Daryl Kulak and Amber Mikesell</i> for Agile Methods
